

DINESH KUMAR A

Web Developer

16, Vairam St, Erode | +91 95975-56793 | mr.dineszz@gmail.com | linkedin.com/in/dinesh-kumar-web-interface-developer | github.com/mrdineshz

CAREER OBJECTIVE

Aspiring Front-End Web Developer with a foundational knowledge of HTML, CSS, and JavaScript. Looking for an opportunity to apply my skills, gain practical industry experience, and continuously improve by working on real-world projects in a collaborative environment.

SKILLS

Technical Skills

- HTML5, CSS3, JavaScript (ES6+)
- Responsive Web Design & Mobile-First Layouts
- Git & GitHub Version Control
- Basic UI/UX principles and clean design practices

Soft Skills

- Problem-Solving & Attention to Detail
- Team Collaboration & Communication
- Adaptability & Quick Learning
- Time Management

PROJECTS

Business Website Development (Personal Project)

Technologies: HTML5 | CSS3 | JavaScript | Responsive Web Design | GitHub Pages

- Designed and developed a responsive business website to establish an online presence for a local business.
- Built a modern, user-friendly interface with responsive layouts for desktop, tablet, and mobile devices.
- Created structured web pages using semantic HTML5, CSS3, and JavaScript to improve usability and accessibility.
- Applied responsive design principles and clean UI practices to deliver a consistent experience across devices.
- Deployed the website using GitHub Pages, gaining practical experience in front-end development and deployment.

Personal Portfolio Website

Technologies: HTML5 | CSS3 | JavaScript | GitHub Pages

- Built a personal portfolio site to showcase projects, skills, and resume in one place.
- Implemented a clean, minimal layout with smooth navigation and mobile-responsive design.
- Hosted and maintained the site using GitHub Pages with continuous updates.
